SUBJECT: **Procedures for Exemption of For-Profit Entities Giving or Selling Food for the Benefit of a Nonprofit Association at Occasional Events**

INTRODUCTION:

Senate Bill 1641 modified the California Uniform Retail Food Facilities Law (CURFFL), Section 113785, allowing nonprofit exemptions at *occasional events*. Specifically, this section exempts from regulation:

"... a for-profit entity that gives or sells food at occasional events, for the benefit of a nonprofit association, if the for-profit entity receives no monetary benefit, other than that resulting from recognition for participating in the event."

"Occasional Event" means an event, which occurs not more than three consecutive days in any 90-day period.

Attached are documents to be completed by the for-profit entities requesting exemption, and documents to be completed by the nonprofit association receiving the benefit. Both sets of documents must be received in order to be considered for exemption.

These documents must be filled out completely and submitted to Environmental Health at least one week prior to the event in order to be considered for exemption. You are hereby notified that if this application is accepted, **Environmental Health will not be conducting inspections of exempt food vendors operating at this event.** Accordingly, the Health Care Agency recommends that you obtain the guidance of a professional Environmental Health Specialist or other inspection service to help insure healthful, sanitary and safe conditions for members of the public attending the event. Environmental Health will contact you if any questions arise regarding the documents submitted.
