

Floor Plan and Signage Safety Mapping

pb 82320

Green = staff personal spaces	Blue = staff global practices
Yellow = staff common areas	Light Purple = public global practices/common areas
Orange = staff specialized areas	Dark Purple = public specialized areas

Green = staff personal spaces (e.g., enclosed office), not shared with others

Yellow = common areas (e.g., hallways, large work areas) shared with other employees, but still allows for physical distancing and/or other controls to be implemented appropriately

Orange = staff specialized areas (e.g., breakrooms, conference rooms) shared with other employees but doesn't allow for physical distancing to occur or other controls to be implemented appropriately

- Campus breakrooms should be used to store and heat/prepare food only.

Light purple = public areas where physical distancing and/or other controls to be implemented appropriately (e.g., restrooms, elevators, stairwells, classrooms)

Dark purple = public specialized areas where physical distancing and/or other controls can't be implemented appropriately
